Australian Made Temporary Flooring Protection

Introducing all new temporary flooring protection from Sancell. Suitable for use on carpet, timber/laminate boards, tiles and stone PW PRO by Sancell is a multi-purpose protection product.

The triple-layer design of PW PRO marries the softness of foam, air-bubble cushioning and the strength of polyethylene woven film that's strong, flexible, easy to use and versatile enough for use on large and small building sites.

- ✔ **Lays Flat. Fast to Install**
- ✔ **Easy to Cut with Knife or Scissors**
- ✔ **Reusable & 100% Recyclable**
- ✔ **All-Over Protection from Scuffs & Scratches**
- ✔ **Protects from Water, Dust, Paint & Foot Traffic**

TRIPLE LAYER PROTECTION

LAYER 1. Woven Polyethylene for strength, puncture & tear resistance

LAYER 2. A middle Air-Bubble layer provides cushioning & water resistance

LAYER 3. A soft 1mm Foam under layer prevents scratching, scuffing & provides overall surface protection
